Once all files Extracted.

1. Open cs340_proj7 folder, which contains Visual Studio 2015 c++ solution and text files.
2. Double click on cs340_proj7.sln file which is Microsoft Visual Studio Solution.
3. Run the program and follow the instruction for further execution.
4. Do not chose option no. 10 when you make selection to run knapsack files I provided, because you will wait forever and will eventually run out of memory locations to finish all the instruction.
5. All text files must be in the same project folder. There are 10 different knapsack files in the folder.
6. There is no coding error. All code is tested in different machines.
